Guest Lectures and Panel Discussions

In addition to our dedicated team of full-time and part-time professors, we welcome distinguished individuals from the business and professional world to regularly engage with our students. These esteemed guest speakers not only possess extensive experience and expertise but also bring forth the cutting-edge advancements in their respective fields.

By actively participating in these events, our students gain valuable insights and practical knowledge, fostering their holistic growth. The benefits derived from these interactions are truly invaluable.

Sports Facilities, Health and Fitness Centre, Yoga and Art of Living classes

Ishan Institute prioritizes not only providing quality education but also nurturing the well-being of individuals. In today's increasingly competitive and challenging world, the pressures of daily life can impact one's lifestyle and result in stress.

Our campus boasts an exceptional, **state-of-the-art gym facility**, providing students with access to top-notch fitness equipments.

Additionally, we offer outstanding **sports facilities** that cater to a **wide range of athletic activities**, promoting a vibrant sports culture among our students. Students can play Table Tennis, Badminton, Volleyball, Football, Cricket, Basketball and various other indoor games.

Ishan organizes Art of Living sessions for students, faculty, and staff. Through this program, various practices such as **Yoga, Meditation, and Pranayama** are conducted, aiming to enhance their mental, physical, and spiritual well-being.

Library

The institute's backbone lies in its well-equipped library, which serves as a vital resource in the age of rapid advancements in Information Technology. Recognizing the interconnectedness of these facilities, the institute houses both the library and computer center within its premises. Following Bacon's wisdom that "good books are the student's best friend," the library stands as a frequented destination for students. Books, e-journals, and national journals are all part of its vast collection.

GLOBAL AYURVED SUMMIT 2023

The college organised International Ayurvedic Summit on 7th October 2023 wherein 16 countries namely Gambia, Seychelles, Lesotho, Guinea, Eritrea, Nigeria, Kyrgyz Republic, Ethiopia, Mongolia, Fiji, Mauritius, Tajikistan, Republic of Angola, Republic of Suriname, Uzbekistan, Palestine participated and over 700 delegates attended the summit. It focused on integrating traditional wisdom with modern science, promoting global collaboration, and exploring Ayurveda's role in holistic healthcare, wellness, and disease prevention. Ishan is the only institution in India to have organized such an event in the realm of Ayurveda.

VYAPAR NITI

The college organised a 24 hours workshop titled "Vyapar Niti: The Art of Business & Innovation", comprising of 10 dynamic sessions designed to bring students' startup ideas to life. This initiative aimed at empowering minds and transforming lives. After a series of preliminary rounds, a select group of students was chosen to participate in this workshop. Covering ideation, valuation, and financial planning, it emphasized real-world challenges and solutions. Interactive sessions fostered entrepreneurial thinking, preparing students for future ventures in India's evolving startup ecosystem.

DIGI-UDAYA

The college organized an insightful seminar titled DIGI UDAYA on the topic "Digital Currency: The Future of Money." The seminar aimed to explore the evolving landscape of digital currency and its potential impact on the global economy, financial systems, and everyday transactions. These professionals shared their knowledge and provided valuable insights on the various aspects of digital currencies, including blockchain technology, cryptocurrencies, and central bank digital currencies (CBDCs). The event highlighted how digital currencies can enhance transparency, security, and economic efficiency in India's financial ecosystem.

National Seminar organised by the Ishan Institute of Law on the topic of Uniform Civil Code

Placement is the bridge between education and opportunity.
